

# AVIATION CAREER EXHIBITION 7-8 FEB. 2009 ANDHERI (W) 2624 0766

Captains with more than 10,000 hrs. of flying exp. from USA and Commercial Faculty from UK will council the prospective students

PARENTS, WE PRAY YOU DON'T MISS THIS OPPORTUNITY FOR YOUR SON/DAUGHTER. STUDENTS SEE U THERE!!

Civil aviation in India is growing by leaps and bounds over the past few years. Today the aircraft owned by Commercial Airlines in India totals 249 and another 497 aircraft are under firm order by various airlines.

The Domestic and International sectors are expected to grow by at least 25 % in the next 5 years. The air cargo sector is also witnessing an equally rapid growth. The Aviation sector is expected to see investments to the tune of US\$ 50 billion in the next decade, mainly in the form of airport infrastructure upgrade and Aircraft acquisition by Indian carriers.

Need of the hour is trained manpower in the country. ABS is the only creator of such facilities.

**Commercial Pilot License (CPL):** Director General of Civil Aviation (DGCA) India & Federal Aviation Administration, (FAA) USA standards.
